

RRC FSM - All Possible State Transitions with Real Examples

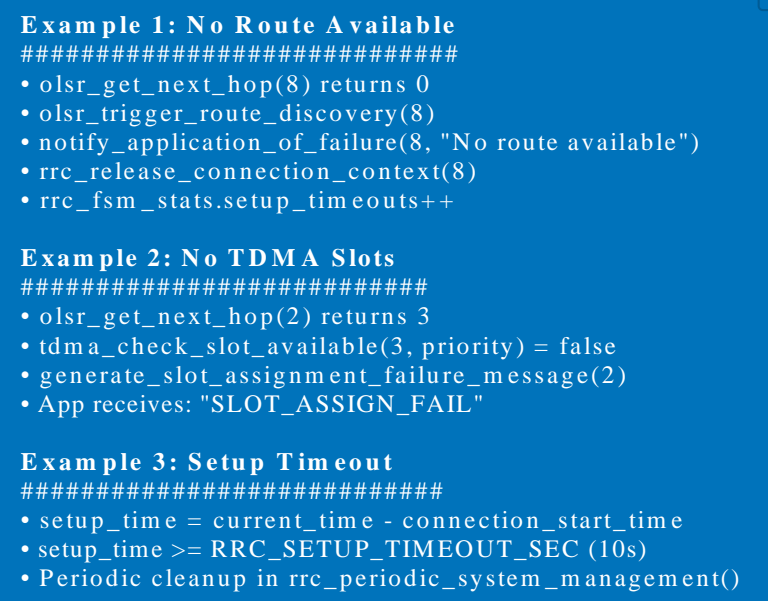

rrc_handle_power_on()

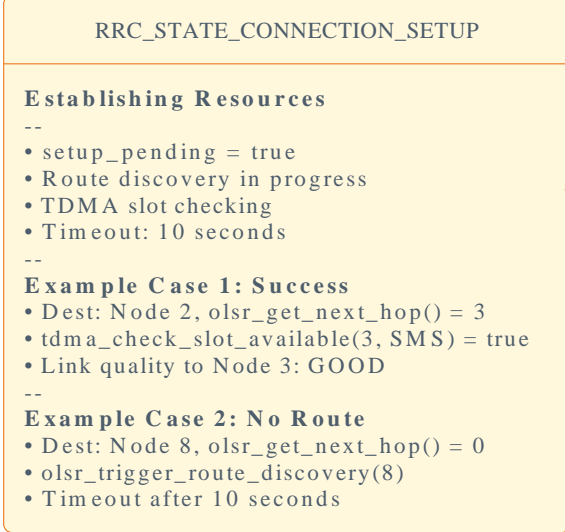

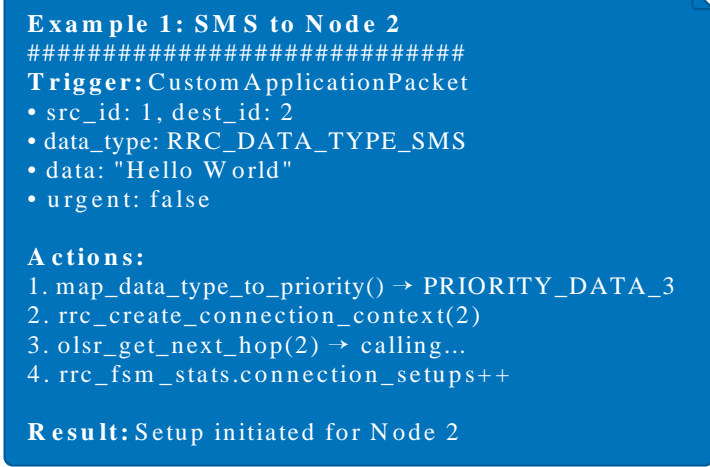

rrc_handle_power_off()

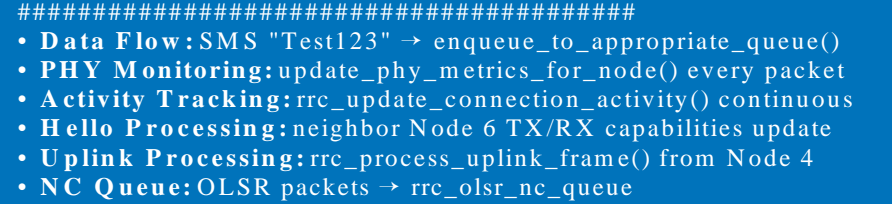

Setup Failures (Multiple Cases)

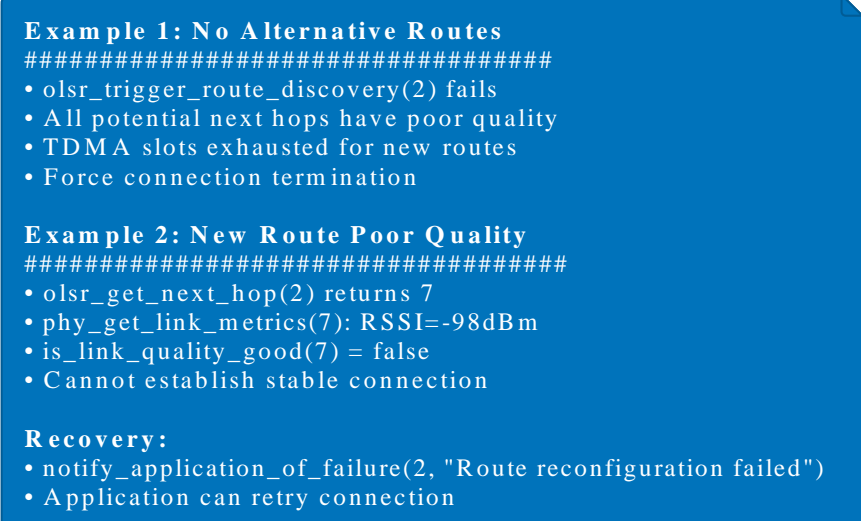

rrc_handle_data_request(dest_node, qos)

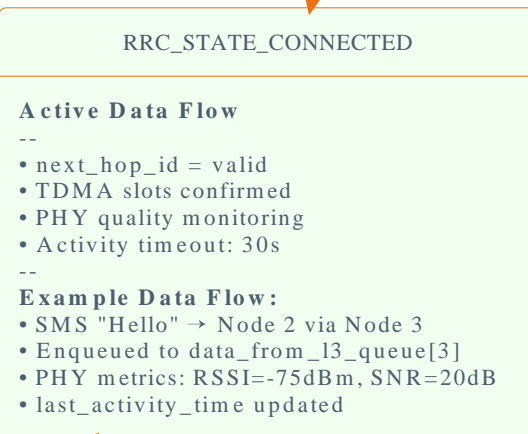

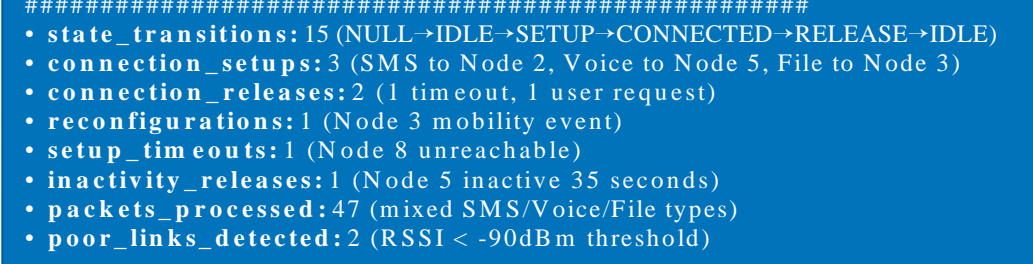

Example Concurrent Operations in CONNECTED:

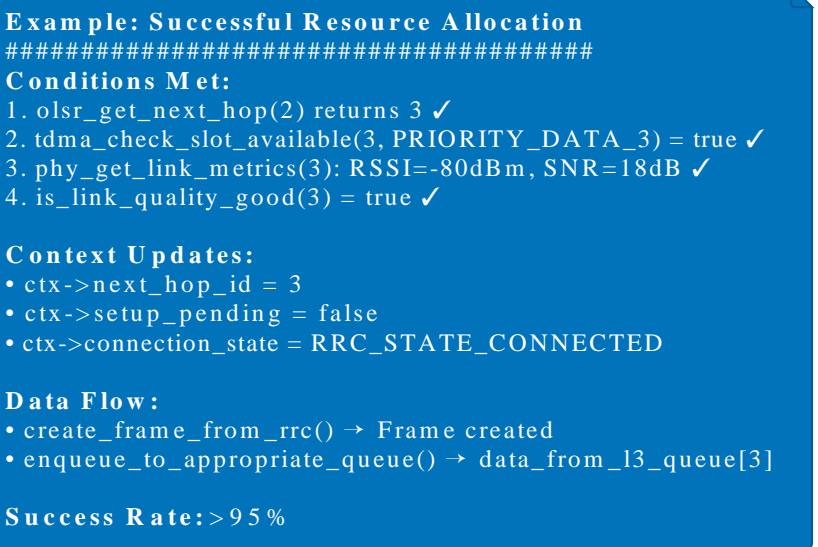

Reconfiguration Failures

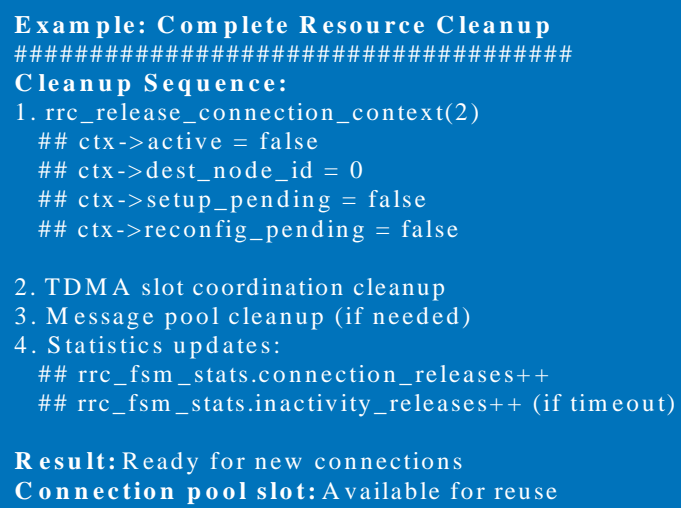

Real Statistics Examples (during testing):

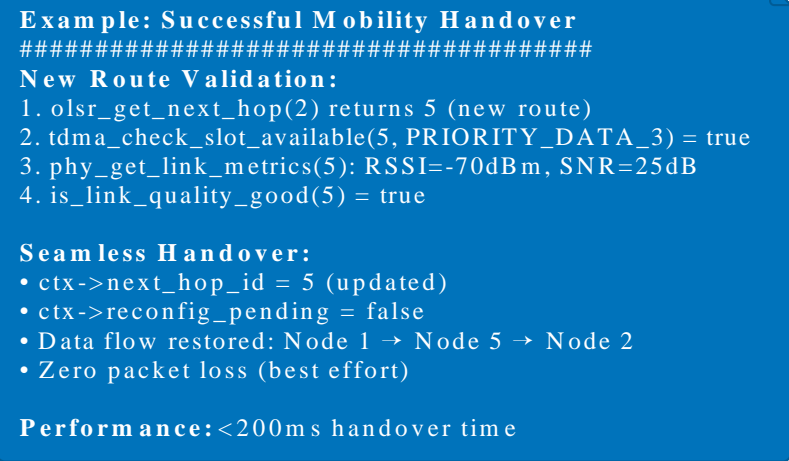

rrc_handle_route_and_slots_allocated(dest_node, next_hop)

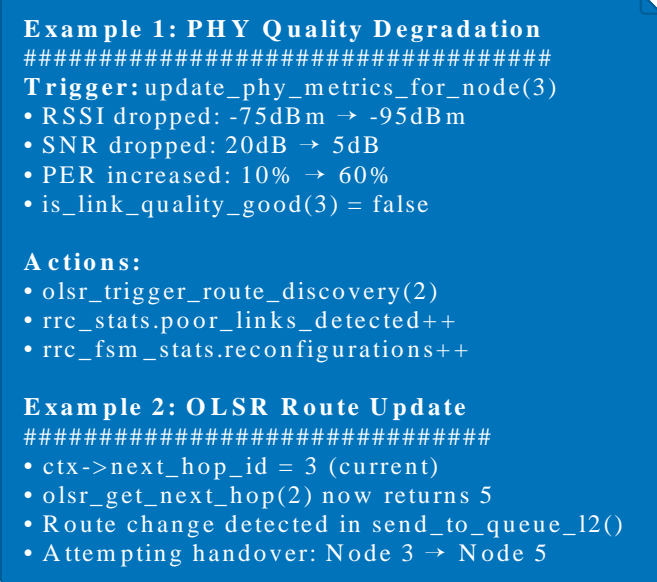

rrc_handle_release_complete(dest_node)

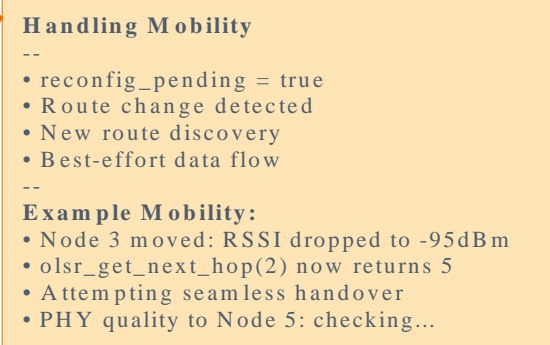

rrc_handle_reconfig_success(dest_node, new_next_hop)

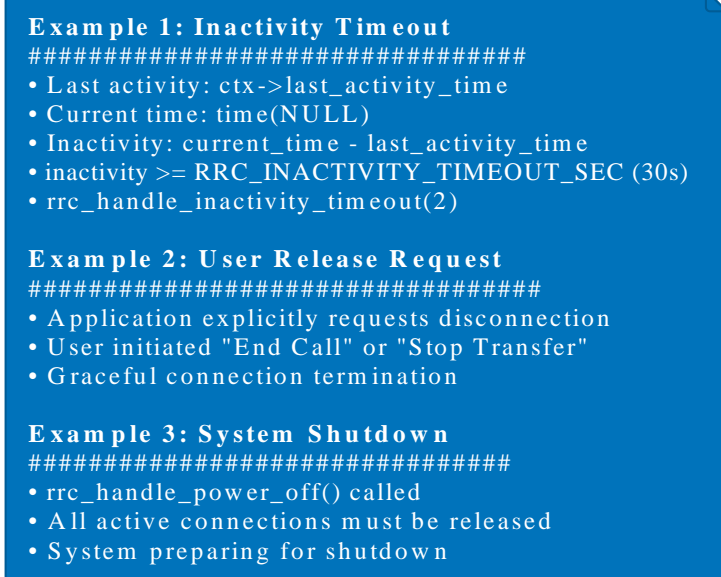

rrc_handle_route_change(dest_node, new_next_hop)

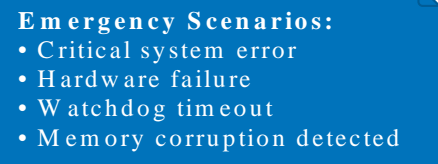

RRC_STATE_RECONFIGURATION

Connection Release Triggers

Emergency/Critical Error
